

## **GREETING**

In the past, some Japanese language schools have had a tendency to be focused on management, causing instructors frustrations and difficulties to demonstrate their love and passion for their teaching. In order to offer genuinely good Japanese language education to foreign students, this must not be exercised. With this philosophy in mind, a unique Japanese language school, operated solely by sincere and dedicated instructors was born.

That is TCC. We will continue to maintain our founding philosophy.

TCC is committed to offering the best teaching of the Japanese language that will assist you to open your bright future.

Principal : KANO Hiroyoshi

## **TCC OFFERS...**

### **1. Scholarships Available**

We offer scholarships to students who have good academic records and demonstrate a positive attitude towards learning. There are four types of scholarships: one for high marks, one for perfect attendance, one for persistence and diligence, and one which is given through an international educational institution.

### **2. High Quality Lessons**

Experienced teachers give detailed lessons starting with the basics. Our curriculum and methods will enable students to pass the highest level of Japanese proficiency tests, and prepare them for university entrance exams.

To assure that students are on their appropriate level or grade, we follow a strict pass/fail grading system, and can give supplementary lessons, if necessary. We also allow students to advance or skip levels.

### **3. Academic Guidance Counseling**

Our guidance counselors offer advice regarding which courses to take upon graduation, how to write essays, how to apply for exams, and how to register at a university.

### **4. Cultural guidance**

We offer advice and guidance so that students can adjust to living in Japan.

We monitor their attendance, and provide personal attention. Should a difficulty arise, we will make every effort to assist the student and solve the problem, including getting in touch with friends and relatives in the student's homeland.

### **5. Housing Accommodations**

We provide dormitories for students near our school. This housing is available to all students at a reasonable rental fee.

### **6. Environment**

Our school is located in a quiet residential area with parks, libraries, and public sports facilities. Yet, we are conveniently located within 10 minutes of SHINJUKU, a major shopping and entertainment district in the heart of TOKYO.
